2A. Project Detail

1. **CoC Number and Name:** AR-508 - Fort Smith CoC
2. **Collaborative Applicant Name:** Riverview Hope Campus
3. **Project Name:** Hope Campus Planning Project
4. **Component Type:** CoC Planning Project Application

2B. Project Description

1. Provide a description that addresses the entire scope of the proposed project and how the Collaborative Applicant will use grant funds to comply with 24 CFR 578.7:

Funds will be used to coordinate the implementation of an effective system response for all people experiencing homelessness in the River Valley geographic area. Funding assistance will focus on a continued alignment with the HEARTH act, the Federal Strategic Plan, and to support the achievement of local and national goals while ensuring the preparation of a strong application. The CoC Board of Directors and Executive Director will manage the project with the CoC Director managing all day-to-day operations.

The grant will provide the following: coordination of assistance to all partner organizations including the monitoring and evaluation of the CoC funded programs; fulfillment of all HUD compliance requirements including the writing, and the implementation of the priorities identified in the CoC Application; and full participation and endorsement of the Consolidated Plan. All the components stated above will assist with the development of a strong CoC system; ensuring that the CoC is in compliance with all regulations including all CoC and Coordinated Entry policies and procedures. Policies and procedures will be reviewed, and all written standards will be updated as needed. Planning funds will also enable the continuation of performance evaluations, systems performance evaluations, and technical assistance when needed.

Old Fort Homeless Coalition CoC performance standards will review all program outcomes including spending and grants management for funded organizations. Performance standards will be reviewed and policies in which to enhance the outcomes will be updated annually. The grant will support HUD and CoC compliance monitoring for funded agencies, including a review of service and financial files, staff/participants interviews, as appropriate and program tours. Low performing projects and those with other risk factors will be prioritized for monitoring. The monitoring tool includes HUD and Old Fort Homeless Coalition CoC policies. Written reports detailing findings, best practices and recommendations will be provided. The CoC will sponsor training on the monitoring standards. Agencies with findings will develop a plan of correction.

Technical assistance and training will be provided and reallocation explored. Trainings in conjunction with member organizations and community partners on Housing First, HUD's Equal Access in Accordance with an Individual's Gender in Community Planning and Development Programs, Implementing Trauma Informed and Victim-Centered Best Practices in Serving Survivors of Domestic Violence, Employment, and Obtaining Public Benefits will be offered. This project will: ensure compliance/accuracy of CoC application and PIT, HIC, Gaps Analysis and GIW information; include analysis of the CoC system; address gaps through ongoing re-alignment of CoC, State Funds, especially to increase the supply of RRH/PSH and plan reallocation. The grant will also support continued discussion and planning for the development and evolution of the CoC's CES and improving readiness for future public health emergencies. This planning project further prepares the CoC to make data-driven decisions through better data acquisition techniques.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

The planning project will support the system in place and enable compliance with enhanced requirements for collaboration between the jurisdictions served by the CoC. All current activities will continue, and planning and coordination will be further improved. With grant execution in 2025 the CoC Board of Directors and Executive Director will manage the project with the CoC Director managing day to day operations.

The CoC board is expanding its capacities by recruiting additional community leaders and volunteers to serve on its committees including those for the annual point-in-time count, project monitoring, HMIS, the annual HUD consolidated application, public awareness, oversight of the CoC and ESG funded partners, as well as develop new and enhance existing community and jurisdictional relationships. It is anticipated that the enhanced CoC planning process will continue to benefit the community in 2025 and 2026. The project is anticipated to start October 1, 2025, and end on September 30, 2026. CoC Coordination activities (committee meetings, coordinated access planning) are in progress and will be ongoing throughout the course of the project. The performance evaluation of all CoC projects will begin immediately at contract execution & will be completed within six months of beginning. Working with the CoC Executive Committee, and the CoC's planning consultants, the CoC will review progress on performance measures. All programs will submit information for the evaluations and will be scored based on their success in achieving the HUD/CoC established benchmarks as measured in the LSA/HMIS reports. Agency compliance monitoring activities will begin one month into the program year and site visits and reports will be completed by the end of the program year. These activities will include visits to funded agencies and review of relevant documents to assess compliance with HUD regulations and CoC Policies. The CoC is planning and conducting a series of strategic planning meetings. CoC activities related to the CoC system analysis includes promoting racial equity, readiness for public health emergencies, system performance, reallocation planning and re-aligning local, state and federal homeless resources. These activities will begin immediately upon contract execution and will be ongoing throughout the year. Activities related to HUD compliance & the CoC Application will begin immediately upon contract execution. This includes providing technical assistance related to the HIC & PIT data submission & updating the Grant Inventory Worksheet (GIW). The effective & timely completion of the work will be monitored by the CoCs Ranking & Review Committee (R&R) to assure that all program requirements & deadlines are reached.

3. How will the requested funds improve or maintain the CoC's ability to evaluate the outcome of CoC and ESG projects?

Through this planning process the CoC will deepen its existing evaluation process and continue to provide a comprehensive program of performance monitoring and quality improvement for all CoC and ESG state funded programs in the jurisdiction. The CoC Performance Standards will be further developed to address all of the key HEARTH outcomes including decreasing homelessness, rapidly exiting people to permanent housing, reducing returns to homelessness and increasing participants' income. These outcomes will be reported on a regular basis for individual programs, components and system wide. This ongoing review of performance creates a strong incentive for providers to improve outcomes and allows for prompt response to performance problems as well as the timely dissemination of effective practices. The continued implementation of a systematic program to monitor achievement of performance targets, provide support in improving outcomes and making recommendations for funding and program changes will expand the CoC's ability to evaluate these projects and ensure they are meeting or exceeding HUD, HEARTH, and ESG standards and requirements. Monitoring will assess adherence to the CoC's Housing First Policies, compliance with HUD's Notice CPD-16-11: Prioritizing Persons Experiencing Chronic Homelessness and Other Vulnerable Homeless Persons in Permanent Supportive Housing and HUD's Equal Access in Accordance with an Individual's Gender in Community Planning and Development Programs, promoting racial equity, and the prevention of the criminalization of homelessness. Funding will be used to enhance data collection capacities including expanding the use of our by-name list, community assessment and dynamic prioritization strategies, and assessing racial equity outcomes.

Funding will also allow for expansion of activities to cover more programs and for those providers who are not achieving performance targets to be established by the CoC, and it will allow for more follow-up technical assistance support. These include evaluating the effectiveness of proposed plans of correction, monitoring the implementation of these plans, and providing technical assistance and training to improve performance. The Executive Director, in coordination with the CoC Board and Committees, facilitate the improvement of consistency and efficacy of the system. Assessments are more efficiently conducted by committees with staff support provided by the CoC. The CoC board, as the oversight group, is better able to execute its roles for direction and evaluation, utilizing this support. The Executive Director will assist the HMIS lead and participating agencies to improve the quality and completeness of data for project analysis and system performance measures. Ongoing documentation of all CoC and ESG activities provides the information needed for periodic summary and evaluation reports by the CoC Board.
